

Pirates of the Caribbean

Last week for English lessons we presented a project on the movie Pirates of the Caribbean. We found the info about the Director and the awards that this movie got. Our work presented the information.

Jack Sparrow/Johnny

Depp/main character

Did you know...?

1. A lot of scenes were recorded in the USA in California and at the beginning, film crew wasn't going to shoot on Caribbean Islands, but somewhere in Thailand, however finally producers decided, that if movie have to be authentic, they must film on Caribbean.

2. This was first Disney movie, that had an age category, because if someone

wanted to see this film in the cinema, this person had to have more than twelve years.

3. There is a short scene with the monkey stealing some gold from cursed treasure at the end of the credit. Then it becomes a skeleton and bites the screen. There are no studio credits at the beginning of film.

Awards for the movie...

“Pirates of the Caribbean have got nominations to 6 awards: Oscars, Golden Globe Awards, BAFTA Awards, Saturn Awards, Satellite Awards and MTV Movie Awards. Trilogy of “Pirates of Caribbean” is taking 960 million worldwide. And the budget for recording was \$140 million, but the risk from it was \$305 million.

Director...

A movie Pirates of the Caribbean: The Curse of the Black Pearl was directed by Gore Verbinski. He is an American

director and writer of Polish descent.
As a director, he made his debut a film
'Mouse Hunt' in 1997.
